1.3.- Substitutions: changes or substitutions will be limited to the adjustments between the starting players and substitutes, counting on the 2 variable substitute players. In this sense, the player who has participated in a matchday with a Team may not be part of another Team.

A deadline of up to two days before the test at 12:00 hours is granted to be able to change 1 or 2 players for any substitute.

Once this period has ended, a single more change will be permitted that is intended to be made due to force majeure, but complying with the following specifications: The substitute player will play with his handicap as long as it is better than that of the player he replaces, otherwise he will play with the playing handicap of the player he replaces. If you play with your handicap, the match handicap calculation will be done again.

1.4.- Number of Participants: Each Team will have **eight players per day**. *The configuration of those 8 players who represent the team will come from the selection among the 14 players communicated to the FGCV in a timely manner (8 starters, 4 stable substitutes and 2 "movable").*

1.5-Tee Times: The schedule will be prepared by the Committee and the player's province (license) will not be taken into account.

The 1st division teams will be the first to take the field and then those from the 2nd division. The 3rd division will follow the previous time structure in case it coincides with a previous division on the competition day.

1.6- Absence of admitted players: If any player cannot participate, they must notify the FGCV in writing 48 hours before the start of the test. If they do not do so and there is no very justified reason, in the opinion of the Committee, they will be excluded from the next test or of

those determined by the Committee of those organized by this Federation.

NOTE: IF AN ENTIRE TEAM IS ABSENT, IT WILL NOT BE ABLE TO COMPETE THE FOLLOWING YEAR.

1.7-Buggies: The use of buggies is authorized for participants in this competition.

The FGCV will notify the fields to reserve **ONE** Buggy for each team except for the Costa Azahar and RCG Manises Courses, which do not have them.

If a team needs more Buggies and the field has them, the team itself must take care of their reservation. The Buggies will be paid directly to the field by each team.

FEDERACIÓN DE GOLF DE LA CV

1.14- Tiebreakers:

In the event of a tie for first place, positions that give access to the final or a relegation position in the accumulated classification by zone and/or division; The tie will be broken in favor of the team with the most accumulated victories, if it persists, more ties and, if it persists, it will be decided by draw.

In the event of a tie in the other positions in the accumulated classification, the tie will be broken using the same system indicated above.

2.- TROPHIES

First Combined Division (after the final):

- ⦿ Winning Team Plaque.
- ⦿ Cup for the 12 members of the Winning team.
- ⦿ Plaque to the 2nd Classified Team.
- ⦿ Cup for the 12 members of the 2nd Classified team.
- ⦿ Plaque to the 3rd Classified Team.
- ⦿ Cup for the 12 members of the 3rd Classified team.

Second Division of both zones:

- ⦿ Winning Team Plaque.
- ⦿ Cup for the 12 members of the Winning team.
- ⦿ Plaque to the 2nd Classified Team.
- ⦿ Cup for the 12 members of the 2nd Classified team.

Third Division:

- ⦿ Winning Team Plaque.
- ⦿ Cup for the 12 members of the Winning team.

3.- SCORING SYSTEM

Each general match will consist of 4 matches in pairs. Each pair will get a maximum of 3 points. The number of points to be distributed in the general confrontation is 12 points*

RDO PARTIDA	Winner 9H Firsts	Draw 9H Firsts	Winner 9H Seconds	Draw 9H Seconds	Winner 18H	Draw 18H
POINTS	1	0,5	1	0,5	1	0,5

To determine the winner of the point of the couple's confrontation, the following points system already described above will be used:

The points system used for league classification will be the sum of the results of each of the points that are competed in the match (1-1-1), adding a * 3 point bonus to the winning team of the general confrontation. (In case of a tie in the general confrontation, 1.5 points will be given to each team)

On the other hand, in the event that a team plays against a team that does not show up, the match will be considered lost. Accounting for the winning team 60% of 12 possible points.

- A team will be considered not presented when it does not present at least 2 pairs to a match.

EXPLANATORY ASSUMPTION: the score reflected in the final classification will be the one related to the score in the confrontations (sum of them). That is, if couple A wins 9 holes but then loses the other 9 and the total in favor of couple B; Couple A will add 1 point to their team and couple B, 2 points.

Therefore, the final result of the general matchup will be the one obtained by the sum of the matchups in pairs plus the three extra points for the winning team.

That is, if one team wins 9 points and the other 3, these will be the points reflected in the classification, in addition to the 3 extra points for the team that wins the

FEDERACIÓN DE GOLF DE LA CV

aggregate of the 4 games (In this case, 12 points for one team and 3 for another).

Once the days of each zone have finished, the position of each team will be determined, the Eighth and the ninth from Division A will be relegated to Division B and the first and second from Division B will be promoted to Division A.

In the Alicante area, the last two classified in Division B will be relegated to Division C and the first two in Division C will be promoted to Division B.

hus, when the time comes, if the case arises of new teams after pre-registration 2025-26, in either of the two zones and this consolidates C divisions; The committee would evaluate the previously indicated assumption and would add a possible qualifier for new teams.

THE FINAL 2025

Once the regular league is over, the top 4 from the Valencia-Castellón Zone (Division A) and the top 4 from the Alicante Zone (Division A) will compete in a grand final that will determine the top 8 places in the 2025 Senior Men's Liguilla.

The final will be two days with a match play confrontation table that will be resolved on the second day of the event with the corresponding crosses (it will be specified in the regulations of the 2025 final).

The FGCV will appoint the Test Committee, as well as the referee judges it deems necessary.

Note - The Test Committee is fully empowered to interpret and, in extreme cases, vary or change the conditions of the test, so that it can develop in the best possible way and reach its end within the set dates.

Complaints about decisions, to be submitted to the FGCV, must be in writing and processed through the club secretariat within 24 hours of the end of the tournament.
